

## PARDON OUR APPEARANCE...

Yale University has undertaken a major renovation of parts of the building that houses Woolsey Hall. Several other areas of the building, including Commons, will now be called The Scharwarzman Center and those areas will be receiving upgrades to elevators, heat/air conditioning, bathrooms, and other amenities.

Tonight you may notice that certain seats in Woolsey Hall and the bathrooms have been relocated. Please let NHSO staff if you have questions or concerns.

### Where is the bathroom?

Go to the main entrance to the hall on the first floor. Enter the hall and go to your right. There will be a hallway that leads you to the restrooms.

For ramp access, proceed down the center right aisle on the first floor.
